Agentforce Agents

Agentforce   On 

+ New Agent

**GPT-4o is being deprecated in Legacy agents**

Action required: Legacy agents will automatically migrate from GPT-4o to GPT-5.6 Luna in January, which may affect their behavior. Test your agents starting in mid-October and update their instructions as needed, or upgrade them to the new builder.

Try the new builder 

| Agent Name                                                                                              | Type          | Description                                            | Created By       | Active | Last Modified |   |
